PROPOSED LANGUAGE CONCERNING CYPRUS

The Committee recommendation includes \$11 million for assistance for Cyprus for scholarships, administrative support of the scholarship program, and bi-communal projects. The Committee intends that funds made available under this heading for assistance to Cyprus support measures aimed at reunification of the island. The Committee is aware of concerns that some projects on Cyprus have been funded without appropriate advance consultation with the Government of the Republic of Cyprus and recommends that such consultation occur in the interest of transparency in the allocation of funds. The Committee intends to review the effectiveness of programs to ensure they follow the stated objectives and intent of the law, and directs State to submit to the Committee a report on the uses of funds made available under the heading of Cyprus.
